Michael England
Police Captain
City of Rockville
111 Maryland Avenue
Rockville, MD 20850-2364

Dear Captain England:

I wanted to thank you for your time today in listening to the description of what my wife told me was her issue regarding the manner in which the Traffic Citations my wife received from Officer Mancuso this past Tuesday evening. Your follow up with me this afternoon, after your opportunity to review our discussion with Officer Mancuso, is very much appreciated.

Based on our conversations I believe I now have a full understanding of what happened and want to assure you that we have no issues with Officer Mancuso or the City of Rockville Police. We continue to respect and appreciate the law enforcement job you all do.

With regard to Officer Mancuso I now fully comprehend the fact that he was simply doing his job. A job that is not an easy one to do. In order to protect the public he needs to protect himself from any situation he can not be sure of. He, as well as all the City of Rockville Police, is to be commended for his and their commitment to serve the public.

Regarding the Citation for the broken brake light, which was repaired today, I really need to thank him for that. My wife does drive our granddaughter around a lot and faulty brake lights can lead to accidents.

Keep up the good work!

Best regards,

Robert Solomon

I wanted to thank you, Chief, for helping me with the problem I was having on my street, 5900 block of Vandegrift Avenue in the Twinbrook Community.

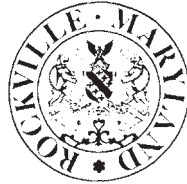

When you referred the situation to Corporal Jan Seilhamer, she called me the same afternoon after I spoke to you on Friday, March 24, 2006.

Hopefully the situation seems to have been taken care of and I am grateful for your help and to Corporal Seilhamer. I stopped at the Twinbrook Community Center to thank her for her efforts, but she had returned to City Hall. I intend to get in touch with her and thank her personally.

Respectfully,

MEMORANDUM

April 19, 2006

TO: T.N. Treschuk, Chief of Police

FROM: Jan Seilhamer, Community Services Officer

SUBJECT: Quarterly Report

The following is the first quarterly report of 2006 summarizing current concerns voiced by the community, potential problems that have a bearing on law enforcement activities within the community, and recommended actions that address previously identified concerns and problems.

1-A Concern Voiced by residents of the Harrington Road/Crothers Lane Community:

Residents expressed concern over recent vehicle vandalisms in the neighborhood.

1-B Potential Problems that have a Bearing on Law Enforcement Activities Within the Community:

Vandalism can be costly to victims in that they have to pay a deductible to their insurance to have the damage fixed, or pay out of their own pockets. The incidents of vandalism can often make citizens uneasy in the community.

1-C Statement of Recommended Actions that Address the concern/problem:

Residents should park in well-lit areas. Residents should also report any suspicious activity in the neighborhood and also become involved in Neighborhood Watch.

1-D Statement of Progress Made toward Concern/Problem:

The Neighborhood Watch Co-Coordinator is notified of any significant incidents in the neighborhood so she can pass the information along to other residents in the community. The Community Services Officer also requests extra patrol from the patrol teams when incidents are occurring in the neighborhood.

2-A Residents of the East Rockville Community are Concerned of a Vacant House:

Residents are concerned about a vacant house in the neighborhood. Police have been called to the residence twice in reference to suspicious situations.

2-B Potential Problems that have a bearing on Law Enforcement Activities Within the Community:

Vacant residences can attract those who wish to commit criminal activity. Incidents of vandalism and trespassing can occur in the neighborhood. Officers were unable to secure the door to the residence, increasing the chances of the home being vandalized, or other criminal activity-taking place in the residence.

2-C Statement of Recommended Actions that Address the Concern/Problem:

Code Enforcement should be contacted about the unsecured door, and officers should make extra patrols in the area to deter trespassing and other illegal activities at the residence.

2-D Statement of Progress Made Toward Concern/Problem:

Code Enforcement was informed of the unsecured front door, and officers conducted extra patrols to deter criminal activity.

3-A Concern Voiced by the Community:

Numerous residents report being approached by a white female asking for money for a Sick relative in West Virginia, or that she needs gas money. This has been going on for A few months. Several individuals have given the suspect money.

3-B Potential Problems that have a Bearing on Law Enforcement Activities within the Community:

Many residents are to scared to say no, and give the individual money out of fear. This can make residents not feel safe in their own home, due to the suspect knowing where the individual resides.

3-C Statement of Recommended Actions that Address the Concern/Problem:

The community should be informed of the scam that is taking place and be informed to call the police should this individual approach them.

3-D Statement of Progress Made Toward Concern/Problem:

A scam alert was printed in the Rockville Gazette. An e-mail was also sent to all Neighborhood Watch and Civic groups informing them of the scam and asking them to call the police should they encounter this individual.

4-A Concern Voiced by Citizens in reference to Possible CDS Activity:

Citizens are concerned about possible CDS activity in a park on Grandin Ave.

4-B Potential Problems that have a bearing on Law Enforcement Activities Within The Community:

Drug activity in any neighborhood can introduce other crimes such as theft, burglary, robbery, etc. Residents will not utilize the park because of the activities that they perceive are occurring in the park. This creates a quality of life issue.

4-C Statement of Recommended Actions that Address the Concern/Problem:

Officers should conduct extra patrols in the area, and residents should be encouraged to report any suspicious activity to the police. Residents should know they can report this activity anonymously.

4-D Statement of Progress Made Toward Concern/Problem:

Extra patrols have been stepped up in the area. The presence of police can act as a deterrent to criminal activity.

5-A Concern Voiced by the Citizens of the Twinbrook Community

Concern has been expressed over incidents of vandalism and loitering at the Twinbrook Shopping Centers.

5-B Potential Problems that have a Bearing on Law Enforcement Activities Within The Community

Residents of the community may be fearful of patronizing the businesses at the shopping centers due to the incidents of vandalism and loitering. These incidents can give the appearance that the shopping centers are not a safe place to visit. If nothing is done about these issues, then more problems can occur.

5-C Statement of Recommended Actions that Address the Concern/Problem

Extra patrols should be conducted. Business owners should be encouraged to contact the police if they have problems with individuals loitering and intimidating customers.

5-D Statement of Progress Made Toward Concern/Problem

The Community Services Officer conducts regular patrols of the shopping centers. The CSO visits with business owners to hear any concerns or problems. They report that they have seen a decrease in vandalism and loitering with the extra police presence.

Re: Support for

Dear Mr. Charles Baker;

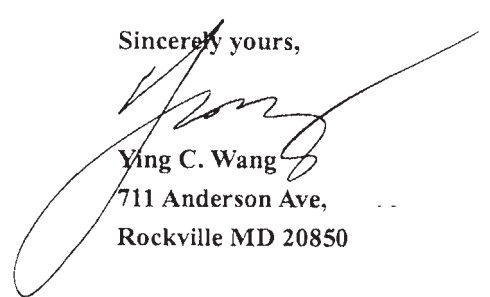

I would like to take this opportunity to express my sincere thanks and gratitude to your department on the services done in my house referenced above.

It has been a rather dramatic experience for us since March 7, 2005, the first day of our renovation started. Unfortunately, we have mistrusted the first contractor Samuel Nasat, who financially, physically and legally harmed us in the project. Currently we have filed a formal complaint against him working without license in the Consumer Affair. Fortunately, through your departmental effort, Mr. Nasat was caught again and the project was saved for good. Although we undergone tremendous effort to correct the project and come up to the right code, we know that we now have a sound house and will benefit us for long term.

I am here to express my sincere appreciation for all of the staff, especially, Steven Orlowski, Thomas Griffith, Martin Dasler, Bradly Holms and the sweet Debbie at the front desk. Of course, you have also been very supportive to us as well. All of you understood our situation and looked out on behalf of our benefits. Meanwhile, your customer service was outstanding.

I look forward to moving to my house in couple of weeks. Rockville is a great place to live and I plan to live here for long time.

Sincerely yours,

Ying C. Wang
